Lake Superior College

Room S1981

2101 Trinity Rd.

Duluth, MN 55811

Parking in Lot 1 Upper off of main driveway from Trinity Rd.

POWER HOUR

This FREE, 1-hour program educates homeowners, farmers and small business owners on the benefits of solar energy and demonstrates that solar power has never been cheaper or easier to install. Our goal is to help consumers interested in solar navigate the complex process and understand their options.

Here's what we'll cover:

- Basics of a solar photovoltaic (PV) system
- Market trends
- Step-by-step process to determine if solar is right for your home
- Economic benefits
- List of high quality local solar installers

A Midwest Renewable Energy Association (MREA) representative will be there to answer your questions.

**Visit GrowSolar.org
